

## **5<sup>TH</sup> GRADE ALA CARTE PROGRAM**

Fifth-grade students are now able to purchase extra food items in the lunchroom. To make this program a success, please review these points with your student:

- Students are encouraged to finish most items on their lunch tray before being released to ala carte line.
- Only students with cash or a positive lunch balance may purchase extras.
- Extra food items are not included in the free and reduced program. The student must have a positive lunch account balance or cash to participate in the ala carte program.
- Students may purchase only one ala carte item each day.
- Students may also purchase extra milk or juice with their lunch meal.

The items offered as extras may be:

- Entrée, \$1.75 (option #1, #2 or #3)
- Vegetable, \$.75
- Fruit, \$.75
- Dinner Roll or Breadstick, \$.40

All ala carte items follow district Wellness Policy guidelines. Extra portions of Friday dessert items will not be available to students.

If you prefer that your student not participate in the ala carte program, contact the Food Services Office to put an ala carte block on the student account.

Please contact Andover Food Services, 218-4603, with any questions or comments.
